# WHAT TO CONSIDER

- !!!Do research on tibetan culture and market!!!
- Creating a map for the market could be helpful(more versions, different routes)
- What stalls do we wanna present?
- We wanna keep the traditional colours
- The market takes place in the middle of the desert
- Dystopian
- Humans, robots and different creatures are present in this world
- A mix of fantasy and sci-fi
- Contrast between wealthy and puritan(this city is more like on the puritan side, more authentic rather than futuristic)
- What's the weather like? -hot, it's daylight, sandy, clear sky, sunny
